

## Expect More from George Johnson Insurance

We found that the level of service provided by **George Johnson Insurance** truly was unmatched. Young Office has utilized the services of George Johnson Insurance for over 10 years. The relationship is handled primarily by Grier Bomar, but the entire staff is always available should we have an issue. What we like about George Johnson Insurance is that Grier meets with us regularly to review in detail, areas of potential exposure and/or ways to reduce our premiums. George Johnson and Grier are our Partners.
