We understand how important it is for your organization to focus on superior treatment of animals. And since we know the unique exposures to risk your organization faces each day,

Prince Associates has created a quality insurance program for the "business" side of your organization.

In fact, Prince Associates is an expert in insuring organizations like yours. Prince Associates Insurance Program for Humane Societies and Animal Shelters provides a wide array of tailored coverages to meet your diverse needs.

Buildings and Contents

Covers your building and their business contents if they are damaged or destroyed because of a covered loss. You'll receive the full cost to repair or replace your property up to a limit you select when you purchase your policy.

Business Income

Reimburses you for your actual loss of earnings for up to 12 months resulting from a covered loss to your property. Extra expenses needed to continue your operations, such as renting temporary office space, are also covered.

Animal Bailee Coverage

Covers the death or destruction of an animal while in your care. Coverage is for specified perils including accidental escape or electrocution, vandalism, collision or overturn of a vehicle while transporting animals and attack by other animals.

Commercial Auto Coverage

This coverage protects you against financial loss resulting from accidents involving the vehicles you use in your business. In addition, The Harford offers valuable enhancements you just won't find on other commercial auto policies, such as excess coverage for hired autos and extension of legal liability coverage for negligent drivers.

Premises Liability

Provides protection for injury to others on your premises or at a special event.

Advertising/Personal Injury

Protects your organization against claims of financial damages to others resulting from your advertisements. It also provides coverage for claims brought against you because of your actions or statements that are deemed slanderous or damaging to another person's reputation.

Defense Costs

Pays legal expenses for liability claims brought against your organization regardless of who is at fault.
