

For Immediate Release

AFC Insurance Announces New Coverage Enhancements for Social Service Risks

October 30th, 2008 Bethlehem, PA- **AFC Insurance** (AFC), an industry leader in the social service insurance arena, unveiled their new *property coverage enhancements* for the *social service industry*. These new product enhancements will offer improved coverage at a lower price that will be more in tune with the coverage needs of the businesses in this sector. What this means for our agents is a more affordable product with much better coverage for their customers.

AFC has addressed issues that social service agencies face. For example, coverage for computer virus and hacking as well as improved coverage for such areas as resident property have been included, plus much, much more.

AFC Insurance offers real solutions for businesses providing social services, addiction rehabilitative services, services for the developmentally disabled and mental health arenas. AFC products are available exclusively through independent agents and brokers. For more information, contact us today, or visit on the web at www.afcins.com.
